

WeRateDogs Report

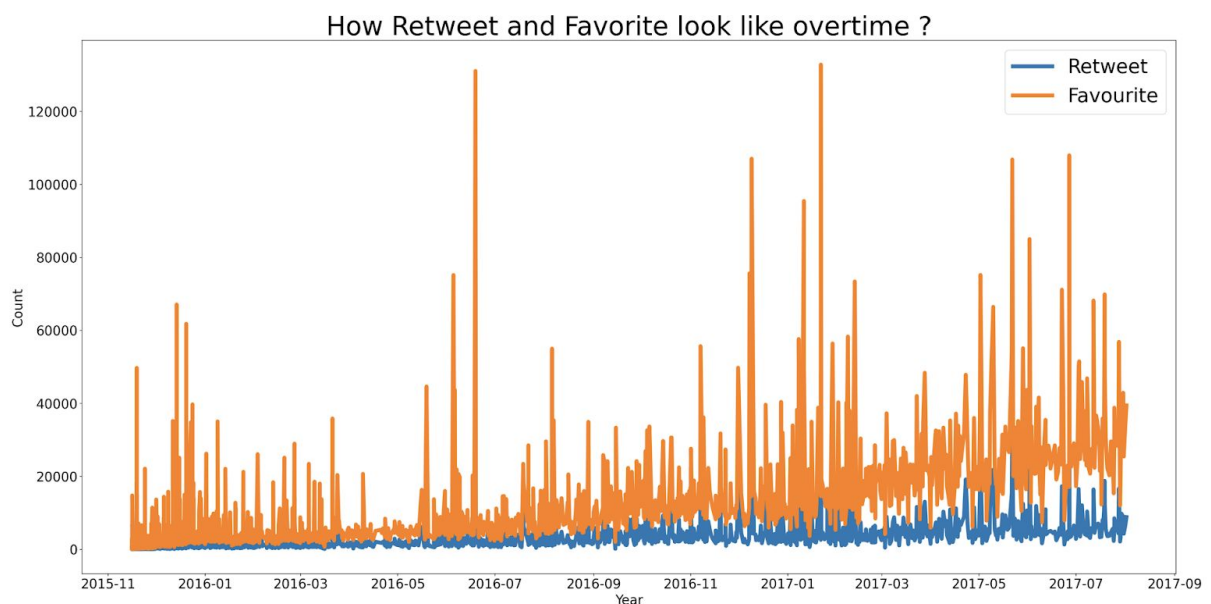

Introduction

WeRateDogs is a Twitter account that rates people's dogs with a humorous comment about the dog. These ratings almost always have a denominator of 10. The numerators, though? Almost always greater than 10. 11/10, 12/10, 13/10, etc. WeRateDogs has over 4 million followers and has received international media coverage.

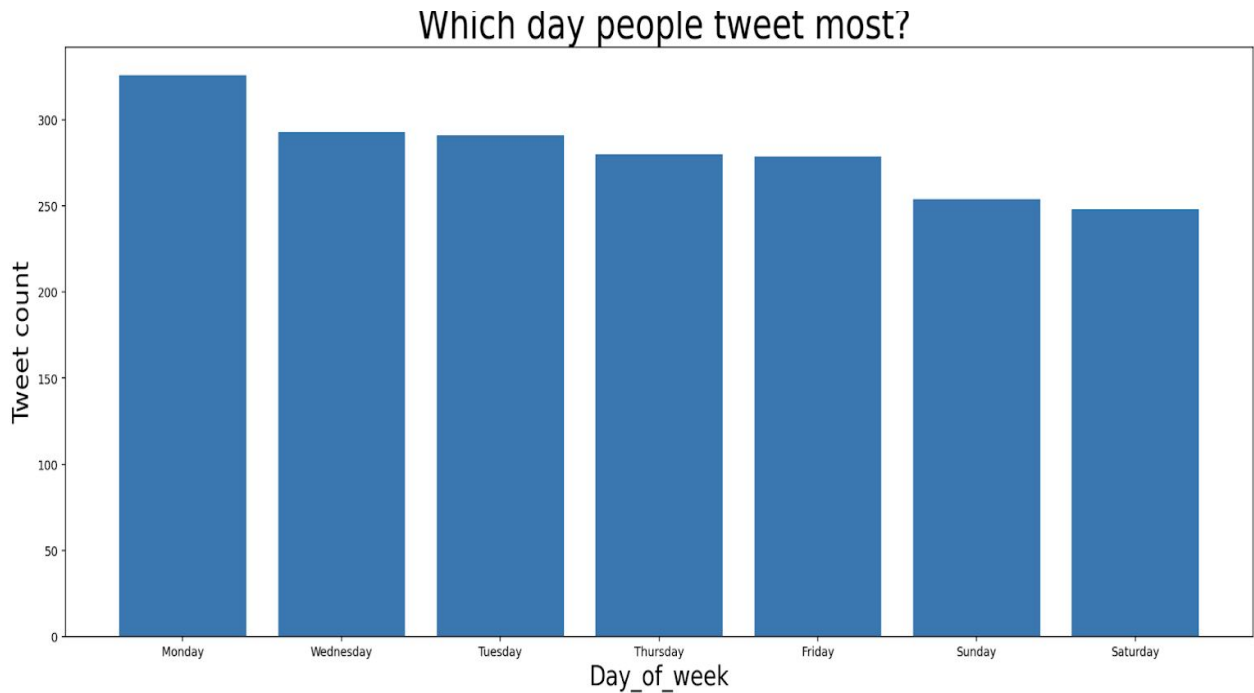

The aim of this project is to wrangle WeRateDogs Twitter data in order to create interesting and trustworthy analyses and visualizations.

Report

The number of Favourite and Retweet seem to escalate overtime. Number of Favorite is increasing much more significantly than retweet. It means people tend to like dogs rather than retweet them.

WeRateDogs is more active on Mondays and less active on Saturdays.
